**SATTERFIELD & PONTIKES CONSTRUCTION GROUP
TO BUILD FIRST PARKING GARAGE ON LSU CAMPUS**

NEW ORLEANS, LOUISIANA (January 6, 2011) – Satterfield & Pontikes Construction Group, LLC (S&P) of Kenner was selected to build Louisiana State University’s first on-campus parking garage in Baton Rouge. The 750-car, five-floor facility will provide needed space for campus employees, students, and visitors.

The new facility will be a welcome addition to the campus’s much needed infrastructure upgrade and will also provide retail and office space on the first floor. Designed by Jerry M. Campbell & Associates of Baton Rouge, architectural elements of the new parking garage provide an aesthetically pleasing façade that blends with the rest of the campus and does not resemble the look of a typical parking garage.

The parking garage will be located across the street from the LSU Student Union in the middle of the campus. LSU’s Barnes & Noble bookstore will move from the Union building to the first floor of the new garage and will double the bookstore’s current square footage.

To make room for the new garage, the old Highland Dining Hall and the homes for the LSU Women’s Center and the African-American Cultural Center will be demolished. When garage construction is complete, those two centers will join Barnes & Noble as new tenants on the parking facility’s first floor.

Construction of the \$22 million project is expected to begin in February 2011 and will be complete in 2012. This project is the first of several parking garages to be built on the LSU campus.

About Satterfield & Pontikes Construction

Satterfield & Pontikes Construction Group, L.L.C. is an award-winning general contractor and construction manager. *South Central Construction* ranks S&P #44 among its ‘Top 110 Contractors’ in the southeastern U.S. and #18 in its ‘Top 50 Louisiana Contractors’ rankings.
