DISD SELECTS S&P FOR EXTENSIVE SCHOOL RENOVATION PROJECT

S&P to provide massive upgrades to Comstock, Burlleson, Thompson, Douglass

DALLAS, TEXAS (May 27, 2011) – The Dallas Independent School District has awarded an \$9.5-million contract to the Dallas Business Unit of Satterfield & Pontikes Construction, Inc. (S&P) to perform extensive renovations to Comstock Middle School, Burlleson Elementary School, Thompson Learning Center, and Douglass Elementary School. S&P was ranked first out of eight highly competitive proposals received by the District for Bid Package 32 as part of the 2008 bond program.

Jacobs & Associates will provide design and architectural services for the project. S&P will replace mechanical, electrical, heating, cooling, and plumbing systems as well as doors, windows, ceilings, and light fixtures. In addition, S&P will install new theatrical lighting and security systems and will perform interior and exterior painting, landscaping, and restroom renovations. Other outdoor amenities S&P will provide include new basketball courts, parking, and bus lane.

“I am very pleased that S&P will be able to provide Dallas ISD with these needed upgrades and continue our long, successful partnership with the District,” said George A. Pontikes, Jr., President and CEO of Satterfield & Pontikes.

S&P has provided renovations, upgrades, and new construction at numerous Dallas ISD campuses in the District’s bond programs. S&P has become one of the District’s most reliable builders and a contractor of choice.

S&P’s solid reputation with school districts throughout Texas allows it to continue to procure projects in the challenging economic environment. As a general contractor in Texas for more than 20 years, S&P has constructed or renovated hundreds of schools in the state.

About Satterfield & Pontikes Construction

Established in 1989, Satterfield & Pontikes Construction, Inc. is an award-winning general contractor and construction manager. *Engineering News-Record* ranks S&P #105 in ‘Top 400 Contractors’ in the U.S. *Texas Construction* ranks S&P #18 in ‘Top Texas Contractors’ (out of 125 firms) and #2 in ‘Educational Facility Construction.’ S&P’s commitment to sustainable construction also earned a spot on *Engineering News-Record’s* ‘Top 50 Green Builders’ in America. *ENR Texas and Louisiana* recently selected S&P as one of ‘Six Companies to Watch’ in 2011.
