S&P HONORED WITH THREE EXCELLENCE IN CONSTRUCTION AWARDS

HOUSTON, TEXAS (November 18, 2011) – At the Associated Builders and Contractors (ABC) Greater Houston Chapter Excellence in Construction awards ceremony held recently at the Wortham Center, Satterfield & Pontikes Construction, Inc. (S&P) received three awards in recognition of its outstanding project work.

The Texas A&M Health Science Center (HSC) project was the big winner, earning the Best of the Best ICE Award in the Institutional Publicly Funded Over \$100 Million category. The Texas A&M HSC project is now eligible and will be submitted to compete in the upcoming national ABC competition. In addition, both the Texas Department of Public Safety Houston Crime Lab and the University of Texas School of Law Jesse H. Jones Hall Renovation projects received Merit Awards in the Institutional Publicly Funded Under \$25 Million category.

S&P successfully delivered the first buildings on the new 200-acre Texas A&M Health Science Center medical teaching and research complex in Bryan – the Health Professions Education Building and the Medical Research and Education Building.

The new Houston Crime Lab, adjacent to the DPS Regional Office in northwest Houston, is a state-of-the-art facility that provides testing for controlled substances, toxicology, DNA, and trace and photographic evidence. A unique feature of the 41,000-square-foot facility is the completely encapsulated indoor ballistics test firing area with eight-inch-thick walls and ceiling.

S&P performed a massive five-phase renovation of Jones Hall's Tarlton Law Library and faculty offices, which included removal of more than 100 tons of concrete and extensive improvements to every level of the six-story building.

The ABC Excellence in Construction Awards recognize commercial and industrial construction projects that exemplify innovative design, precise craftsmanship, and superior safety practices. The competition is held each year at the Chapter level across the country to recognize the best of the best construction projects and, in the Houston region, dozens of entries were submitted.

About Satterfield & Pontikes Construction

Established in 1989, Satterfield & Pontikes Construction, Inc. is an award-winning general contractor and construction manager. S&P is recognized as one of Engineering News-Record's Top 400 Contractors and Top 100 Green Builders in America. ENR Texas & Louisiana ranks S&P #3 in Educational Building, #6 in General Building Contractors, and #9 in Top Design Builders. ENR Texas & Louisiana also selected S&P as one of Six Companies to Watch in 2011. The Houston Business Journal recently recognized S&P in its Houston Fast 100 Growing Companies in 2011.
